

### **Standard Equipment List:**

- \*Advanced Life Support Stretcher Spectrum incl. loading system
- \*4 x 220 Volt 50 Hz plus 28 Volt DC power supply
- \*Dual compressed air- , suction- and oxygen supply
- \*3 additional back-up oxygen systems - 8800 liters O2 incl. 1 portable ( 1000 l )
- \*2 x Monitor system Propaq encore ( neonatal / child / adult mode) ECG, SpO2, Capnometrie, NIBP, IBP, Temp,Resp., printer
- \*Respirator Draeger Oxylog 3000 (BIPAP, CPAP, SIMV, IPPVassist, IPPV, ASB )
- \*Defibrillator / Cardioverter incl. Pacer LP 10 P adult / neonatal electrodes
- \*6 Syringe pumps B.Braun compact
- \*Pressure infusion system
- \*Mobile Suction Unit Accuvac rescue
- \*Vacuum mattress
- \*Spine Immobilisation and additional limb splints
- \*CVC, arterial catheter, Knochennadeln, Thoracic drain sets Endotracheal tubes (2 – 8,5 incl. Surfactantadapter) alternate airwaymanagement ( 4 x Larynxmaske/Kombituben, coniotomy set), bladder catheter, stomach tubes
- \*Analyzer for blood glucose, ketone bodies, troponin
- \*Emergency doctors bag adult for bed to bed escorts
- \*Emergency doctors bag for neonates and childs
- \*Extensive drug supply

### **Additional:**

- \*Sonography 3,5 / 5 MHZ B/M Mode
- \*Cardiotocography

\*Transportincubator Dräger 5400 incl. Babylog 2000 Respirator

\*Nitromonoxyd Ventilation (NO)

## **Drugs:**

### Analgetika / Narkotika / Sedativa

Hypnomidate Etomidate

Disoprivan Propofol

Trapanal Thiopental

Luminal Phenobarbital

Tavor i.v. Lorazepam

Tavor exped. Lorazepam

Dormicum Midazolam

Diazepam lipuro Diazepam

Ketanest S-Ketamin

Fentanyl Fentanyl

Morphin Morhin

Tramal Tramadol

Novalgin Novaminsulfon

Aspirin i.v. ASS

Perfalgan Paracetamol i.v.

Buscopan Buthylscopolamin

Narcanti Naloxon

Anexate Flumazenil

### Cardiaca / Circulation

Adrekar Adenosin

Akrinor Theodrenalin u.a.

Atropin Atropin

Bayotensin Nitrendipin

Beloc i.v. Metoprolol

Catapresan Clonidin

Cordarex Amiodarone

Ebrantil Urapidil

Gilurytmal Ajmalin

Isoptin Verapamil

Nitrolingual Glycerolnitrat p.o.

Aqua Trinitrosan Glycerolnitrat i.v.

Lasix Furosemid

Lanicor Digoxin

Xylocain Lidocain

Suprarenin Epinephrin  
Arterenol Noradrenalin  
Dobutrex Dobutamin  
Dopamin Dopamin  
Alupent Orciprenalin

Relaxantien

Lysthenon Succinylcholin  
Esmeron Rocuronium

Respiration

Bricanyl Terbutalin  
Bronchoparat Theophyllin  
Sultanol Inhalat Salbutamol  
Pulmicort Inhalat Budesonid  
Berotec Spray Salbutamol  
Junic Spray Beclomethason

Diverse

Actrapid Humaninsulin  
Solu Decortin Prednisolon  
Fortecortin Dexamethason  
Paspertin MCP  
Vomex Dimenhydrinat  
Akineton Biperiden  
Haldol Haloperidol  
Atosil Promethazin  
Fenistil Dimetinden  
Ranitidin Ranitidin  
Pantozol i.v. Pantoprazol  
Phenhydantoin Phenytoin  
Methergin Methergin  
Konakion Vit. K  
Liquemin Heparin i.v.  
Clexane Enoxaparin  
Claforan Cefotaxim  
Alveofact Surfactant  
Minprog Prostaglandin  
Paracetamol Supp.

## Infusion

NaCl 0.9%  
Ringerlösung  
HAES 6%  
Glucose 5%  
PÄD I  
PÄD II  
KCL 7,45%  
Ca 10%  
Mg 2 mmol  
Glucose 40%  
NaHCO<sub>3</sub> 8,4%
